## Grumps' Quarterly Newsletter

### Did You Know?....

When our first store, Granbury, opened in 2002 we only had 18 seats. When we complete the next two Granbury expansions (1st-next Spring & both completed by early 2018) we'll seat around 325. Yikes!

PS-when that store opened Todd was working the grill & sandwich board and Collier ran the register and delivered food - if that doesn't scare ya, I don't know what will do the trick!

YOU can Grow with Grumps! There will be new opportunities for movement within Grumps in this ever-expanding company! With many new things happening next year, we're looking for folks who want to be key employees and play a role in new expansion, new avenues, new locations... BIG things are going to be happening!

What we're looking for in our key people:

Strong work ethic, great attitude, energetic, willingness to learn, friendly, passion for customer service, moving with purpose, gain Grumps experience, & live, eat, and breath Grumps.

Also, CONGRATS to Grumps Granbury on your Best Burger win in Hood County!

### What They're Saying...

*"If I want a good burger, I go to Grumps. The food is always good, fresh, and hot. Although we have only had burgers here twice, and both times we carried them out, this is now our go-to place for Burgers in Burleson."*

*"They make their own Jalapeno Ketchup and it is so good I bought a bottle for myself and another for a friend who lives in Indiana and enjoys jalapeno ketchup."*

*"The staff is very friendly and helpful. I was on crutches the last time I was there having just sprained my ankle the day before. The girl who rang me up put the order in a box for me and carried it outside and down the street to my car for me. I wish I had gotten her name to thank her but I didn't."*

*"They have a nice sitting area done in a rustic Texas roadhouse style. We have only been in Burleson for a few months but we will be going here when we need a burger fix."*

*"Homemade potato chips and queso & ranch dressing dip !!! Hamburgers and a party melt to die for !!! Plus the service is top notch. Definitely a must when passing through" - Grumps Cleburne*
